

## **TABLE TOP SNOW CONE MACHINE**

### **BEFORE SHAVING**

1. Assemble the machine as follows
2. Place the metal shaving unit on top of the ice catching unit (the blue clear plastic box)
3. Then wipe the catching unit with a damp clean nonabrasive cloth or towel

### **MAKING SNOW CONES**

1. Open the shaving unit up by lifting the large metal handle
2. Put in the desired amount of ice (be careful not to overfill)
3. Turn the shaving unit on using the switches on the side
4. Gently push the handle down as the ice begins to shave
5. When finished shaving turn off the shaving unit
6. Repeat steps 1-4 until there is the desired amount of shaved ice in the catching unit
7. Use the provided scoop to serve shaved ice in the cone cups
8. Use the flavor pump to add as little or as much flavor as you want!
9. Enjoy!

### **AFTER SHAVING**

1. Turn off the machine
2. Empty any leftover ice out of the catching unit
3. Wipe the catching unit clean with a clean dry cloth or towel
